

Addendum #2

RFQ# 04-21, Consulting Services - Fort Harrison Complete Streets Projects

January 7, 2021

NOTICE IS HEREBY GIVEN that the following addendum serves to provide clarification and to answer the questions received on RFQ #04-21, Consulting Services - Fort Harrison Complete Streets Projects.

Clarification: Every proposal received by the City will be considered a public record pursuant to Chapter 119, Florida Statutes. Any response marked confidential may be deemed non-responsive to this RFP

Question 1: I'm contacting you regarding this project to see if there was a feasibility study performed for this project that is available or if any concept plans have been developed that can be provided?

Answer to Question 1: All known relative documents have been provided. There are no feasibility studies or additional concepts other than what has already been provided within the Ft. Harrison Avenue Complete Streets Study Final Report. If additional studies are discovered, they shall be included.

Question 2: Could you please clarify if this is solely an electronic submittal or if we are required to provide hard copies as well? On page 11 of the RFQ, at the top it states: "Hard copy documents and electronic copies are required." However, on your purchasing page online, it states: "During the time COVID-19 is active, in order to reduce travel and personal interactions, we are requesting that all solicitation documents be submitted electronically."

Answer to Question 2: Due to the COVID-19 pandemic hard copy documents are not required. The City recommends that qualifications be submitted electronically through our bids website at <https://www.myclearwater.com/business/rfp>. If a firm prefers to mail and/or hand-deliver responses, the firm must submit in the format and quantity outlined in RESPONSE FORMAT, page 11.
