INSTRUCTIONS – EVALUATION

- i.22 **EVALUATION PROCESS.** Proposals will be reviewed by a screening committee comprised of City employees. The City staff may or may not initiate discussions with proposers for clarification purposes. Clarification is not an opportunity to change the proposal. Proposers shall not initiate discussions with any City employee or official.
- i.23 **CRITERIA FOR EVALUATION AND AWARD.** The City evaluates three (3) categories of information: responsiveness, responsibility, the technical proposal/price. All proposals must meet the following responsiveness and responsibility criteria.
- a) **Responsiveness.** The City will determine whether the proposal complies with the instructions for submitting proposals including completeness of proposal which encompasses the inclusion of all required attachments and submissions. The City must reject any proposals that are submitted late. Failure to meet other requirements may result in rejection.
 - b) **Responsibility.** The City will determine whether the proposer is one with whom it can or should do business. Factors that the City may evaluate to determine "responsibility" include, but are not limited to: excessively high or low priced proposals, past performance, references (including those found outside the proposal), compliance with applicable laws, proposer's record of performance and integrity- e.g. has the proposer been delinquent or unfaithful to any contract with the City, whether the proposer is qualified legally to contract with the City, financial stability and the perceived ability to perform completely as specified. A proposer must at all times have financial resources sufficient, in the opinion of the City, to ensure performance of the contract and must provide proof upon request. City staff may also use Dun & Bradstreet and/or any generally available industry information. The City reserves the right to inspect and review proposer's facilities, equipment and personnel and those of any identified subcontractors. The City will determine whether any failure to supply information, or the quality of the information, will result in rejection.
 - c) **Technical Proposal.** The City will determine how well proposals meet its requirements in terms of the response to the specifications and how well the offer addresses the needs of the project. The City will rank offers using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation.
 - d) If less than three (3) responsive proposals are received, at the City's sole discretion, the proposals may be evaluated using simple comparative analysis instead of any announced method of evaluation, subject to meeting administrative and responsibility requirements.

For this RFP, the criteria that will be evaluated and their relative weights are:

- i.28 **CONTRACT NEGOTIATIONS AND ACCEPTANCE.** Proposer must be prepared for the City to accept the proposal as submitted. If proposer fails to sign all documents necessary to successfully execute the final contract within a reasonable time as specified, or negotiations do not result in an acceptable agreement, the City may reject proposal or revoke the award, and may begin negotiations with another proposer. Final contract terms must be approved and/or signed by the appropriately authorized City official(s). No binding contract will exist between the proposer and the City until the City executes a written contract or purchase order.

Such notices must be sent by common carrier delivery service or by registered, Global Express Guaranteed, or certified mail, with postage or shipping paid by the sender and with evidence of delivery, which may be in an electronic format.

A default notice will be deemed to be sufficient if it is reasonably calculated to provide notice of the nature and extent of such default. Failure of the non-defaulting party to provide notice of the default does not waive any rights under the Agreement.

TERMS AND CONDITIONS

- d. **Anticipatory Repudiation.** Whenever the City in good faith has reason to question Contractor's intent or ability to perform, the City may demand that Contractor give a written assurance of its intent and ability to perform. In the event that the demand is made and no written assurance is given within five (5) calendar days, the City may treat this failure as an anticipatory repudiation of the Agreement.
- S.14 **REMEDIES.** The remedies set forth in this Agreement are not exclusive. Election of one remedy will not preclude the use of other remedies. In the event of default:
- a. The non-defaulting party may terminate the Agreement, and the termination will be effective immediately or at such other date as specified by the terminating party.

Failure or delay to exercise any rights or remedies provided herein or by law or in equity, or the acceptance of, or payment for, any services hereunder, will not release the other party of any of the warranties or other obligations of the Agreement and will not be deemed a waiver of any such rights or remedies.
- S.19 **INDEMNIFICATION/LIABILITY.**

Each party agrees to notify the other promptly of any matters to which this provision may apply and to cooperate with each other in connection with such defense or settlement. If a preliminary or final judgment is obtained against the City's use or operation of the items provided by Contractor hereunder or any part thereof by reason of any alleged infringement, Contractor will, at its expense and without limitation, either: (a) modify the item so that it becomes non-infringing; (b) procure for the City the right to continue to use the item; (c) substitute for the infringing item other item(s) having at least equivalent capability; or (d) refund to the City an amount equal to the price paid, less reasonable usage, from the time of installation acceptance through cessation of use, which amount will be calculated on a useful life not less than five (5) years, plus any additional costs the City may incur to acquire substitute supplies or services.
