

2021 ROADWAY RESURFACING

Documents and plans for Project #19-0045-EN are available at <https://www.myclearwater.com/business/engineering-construction-bids>.

This work includes: The work proposed in this contract includes the asphaltic concrete resurfacing of approximately 10 miles of streets within the City of Clearwater as listed herein and shown on the engineering maps prepared by the City of Clearwater Engineering Department, (see Section IV-A). Please note, significant quantities of various curb types, A.D.A ramps and tree removal have been included to ensure adjacent infrastructure is in acceptable condition prior to resurfacing efforts. Submit questions to roger.johnson@myclearwater.com.
