

Addendum #1
RFP #42-20, DOWNTOWN CLEARWATER LIGHTING
JULY 20, 2020

NOTICE IS HEREBY GIVEN that the following addendum serves to provide clarification and to answer the questions received on RFP # 42-20, Downtown Clearwater Lighting.

Question 1: Do you have a target range for your budget?

Answer to Question 1: The target range for this project is dependent upon the task/technique. The total maximum budget for this project is \$300,000. Tree lighting, using ropes or bulbs should account for no more than ten percent (10%) of the total project budget. Respondents are not required to submit proposals for both tasks/techniques.

Question 2: Our team is currently going through the RFP and we were wondering if there were any information on the budgetary constraints of this opportunity? Projection mapping shows of the scale described in the tender typically start at 2M \$ (and up) for any installations that runs for 2-3 months or more; are your provisions made for this kind of scope?

Answer to Question 2: Refer to Answer to Question 1. The City is interested in seeing what is possible to achieve with that level of funding. However, we do realize that budget constraints may result in submittals of reduced scope, limited sites, or shorter duration.
