

Addendum #1
ITB # 31-21, Pump, Transport and Dispose of Leachate
March 25, 2021

NOTICE IS HEREBY GIVEN that the following addendum serves to provide clarification and to answer the questions received on ITB # 31-21, Pump, Transport and Dispose of Leachate.

Add: Exhibit A_Invoicing & Exhibit B_Reports

Link to added exhibits: <https://www.myclearwater.com/Home/Components/RFP/RFP/284/1111>

Question 1: Who the current incumbent is, the per-gallon rate they charge, and approx. total gallons for CY 2020.

Answer to Question 1: Since the transfer station opened in May of 2020, the City has shipped approximately 148,300 gallons of leachate. Safety-Kleen Systems Inc. is the current provider of these services at a rate of \$0.45 per gallon plus a daily truck fee of \$345.00.

Question 2: Please advise if it is possible for the City to provide the current contract rates for the services outlined in this RFP (if the service is currently being performed). In addition, we request copies of the last three (3) invoices for services provided.

Answer to Question 2: Reference Answer to Question 1 above. The last three (3) invoices for this service have been added to this solicitation as Exhibit A_Invoicing.

Question 3: Access to any sort of analytical that was done. Would it be possible for us to grab a sample if not?

Answer to Question 3: The City has added CleanHarbors GENR Waste Report and Analytical Services Laboratory Test Report to this solicitation as Exhibit B_Reports.

Question 4: What DEP approved facility currently receives the City's leachate volume?

Answer to Question 4: Currently leachate is transported to Aqua-Clean Environmental Co Inc's and/or Clark Environmental Inc.'s facilities.

Question 5: We understand this is "As needed" but have no idea what this might represent. Please provide hauling totals for last year, broken down by month (Or week) so we have some idea of what this might represent

Answer to Question 5: Refer to Answer to Question 1 & Answer to Question 2 above.

Question 6: Would like to perform a site visit concerning bid 31-21 Pump transport and dispose of leachate, how would we go about doing this?

Answer to Question 6: The City does not intend to have a site visit at this time.
